NEW FUNDING!!

National Lottery

Our National Lottery Funding officially started in January. We have been granted 3 Years funding to run our service. Check out our new website to see some of our changes.

Inncommunities

We attended a fundraising event, where we had to do a speech and the people in the room voted for their winning charity. We had over 25 members there to support us and luckily we won the £5,000. This will help support our 5-8 Group.

New opportunities.

We had the lovely Felix and Kerry in from the Makaton Charity to teach us some basic Makaton so that we can begin to expand our methods of communications.

We also did a spotlight event at shipley Library with the Visual Impairment team.

We have also been on lots of new courses, learning about deep pressure and community engagement.
